VICTOR HUGO'S GREAT NOVEL
COMPLETE IN FIVE VOLUMES.
CARLETON'S EDITION.

LES MISÉRABLES—VALJEAN.
The FIFTH PART and last of HUGO'S Great Novel is now ready.
The parts are:
PART I.—FANTINE. PART II.—COSETTE.
PART III.—MARIUS. PART IV.—ST. DENIS.
PART V.—VALJEAN.

Such works as this appear but once in a century. "Les Misérables" is too humbly designated a novel by its author, for the novel is but a screen behind which the master sits proclaiming as with authority the greatest and most vital truths. The Prophets of Christ have had in essence and purpose no more successful imitator. Victor Hugo is in the decline of life; he has been an author of mark for more than a quarter of a century; he is an exile and outlaw because he is a republican and will not abjure his faith, yet not a trace of bitterness, of narrowness, deforms these superb volumes. Royalist, imperialist, aristocrat, conservative, may perch them without aversion, for their author has risen through observation, reflection, experience, suffering to that serene high whence he commands the good in evil, the truth in seeming falsehood, and the benign uses which Omnipotent Wisdom extracts from human frailty, hypocrisy, malice and crime.
